Python Full Stack Developer | **ECE Graduate** | **Location:** Kerala, India
Phone: +91 9497154283 | **E-Mail:** msreeharivenugopal2002@gmail.com

Career Objective

Motivated Python Full Stack developer with a background in Electronics and Communication Engineering. Experienced in real-time system monitoring and data integration through IoT and AI-driven projects. Dedicated to developing high-quality, user-centric web applications.

Education

- **B.Tech in Electronics & Communication Engineering** | APJ Abdul Kalam Technological University
Vidya Academy of Science & Technology, Thrissur | **7.15 CGPA**
- **HSE (BioScience)** | Kerala State Board | GHSS Mezhathur | **97%**
- **SSLC** | CBSE | Trithala English Medium School | **93%**

Experience

- **Customer Support Executive Intern** | NeoMotion Assistive Solutions Pvt Ltd, Chennai
Served as a service Engineer focusing on assistive technology solutions.
- **Quality Assurance Intern** | Keltron ElectroCeramics Pvt Ltd, Kuttippuram
Worked as a Transducer Quality Analyzer, ensuring component reliability and performance.

languages

English, Malayalam (Native), Hindi, Tamil

Skills

Technical Skills: Python, HTML, CSS, BOOTSTRAP, LaTeX, C, Service Engineering.

Soft Skills: Teamwork, Communication, Problem solving, Critical thinking.

Projects

- **EcoAlert - LoRa Based Smart Wildlife Detection & Alert System**
 - Integrated CNN-based image processing to detect wildlife near railway tracks to prevent collisions.
 - Utilized IR sensors, camera, LoRa, and GSM modules to send real-time alerts via LCD and buzzers.
 - Implemented GPS tracking for precise location reporting.
- **TrackSense - IoT & Image-Based Railway Track Inspection**
 - Developed an autonomous vehicle using ultrasonic sensors and image processing to identify track defects.
 - Provided instant alerts with GPS data and remote monitoring via ESP32 camera live.
 - Integrated IoT technology using the Blynk platform for seamless remote communication.

Certification & Activities

- **Paper Presentations:** Presented at NCRTST 2025 and ICET 2025 on emerging science and technology trends.
- **Cybersecurity:** Completed Virtual Internship Program via Cisco Networking Academy.
- **Python Development:** Completed “Course On Basics of Python” provided by Infosys Springboard.
- **Professional English:** Earned the "Business English Certificate".
